

# Buck Owens, It Was With Love

It was with love my Saviour do me  
To him it was with love, He led me from the dark  
He gave me perfect gentle understanding  
It was with love that Jesus won my heart.

It was with love he worked my transformation  
Without his love this wonder could not be  
And understanding well, my every evening  
It was with love he heard this sinner's plea.

--- Instrumental ---

It was with love he spoke the invitation  
Come follow me lay down your tools and gold  
I'll love and serve my dear redeemer  
Always it was with love that Jesus saved my soul...
