

# Buck Owens, One Way Love

You never think of givin', you only take  
And you don't seem to care how many rules you break  
Although I know you're wrong, I let you have your way  
Anything to own your love just, one more day.

One way love that's all you have for me  
One way love is just plain misery  
I say that we're all through and then you call me up  
And once again, I'm falling for your one way love.

--- Instrumental ---

I guess you never loved me and you never will  
For it don't seem to matter to you, how I feel  
So I'll play second fiddle if that's the only way  
And hope that some day you'll come to my arms and stay.

One way love that's all you have for me  
One way love is just plain misery  
I say that we're all through and then you call me up  
And once again, I'm falling for your one way love...
