

# Buck Owens, Somebody Put A Quarter In The Ju

Buck Owens -

=====

Somebody put a quarter in the jukebox  
Somebody play that certain hurtin song  
That one about forever, that one about no never  
That one about the good love thats gone wrong  
I'd tell our friends I'm doin fine without you  
I'd tell our friends I never am alone  
But I'm afraid they'll know it.  
Yes I'm afraid I'll show it  
Cuz all I ever play's that same ole song  
So, Somebody put a quarter in the jukebox  
Somebody play that certain hurtin song  
That one about forever, that one about no never  
That one about the good love thats gone wrong  
So I'm sittin here a staring at the jukebox  
Hopin' that somebody comes along  
Somebody who for starters,  
Will have a pocket full of quarters  
And who'll play that love gones wrong song all night long.  
So, Somebody put a quarter in the jukebox  
Somebody play that certain hurtin song  
That one about forever, that one about no never  
That one about the good love thats gone wrong  
Somebody play the jukebox all night long.
