Buck Owens, This Old Heart

This old heart has been around it's been up and it's been down It's been walked on all over town but it still looks for love to come around

It's got memories of the past of love affairs that didn't last It's been stood up by every girl in town but it still looks for love to come around [steel]

Are you the next one to come along to give it hope and then do it wrong Or will it be true love that last and wipe out all the tears from the past Well this old heart...

Oh yes it still looks for love to come around
