

# Buck Owens, Togetherness

When a lonely boy meets a lonely girl, that's togetherness  
Before I met you my whole world was blue, that's loneliness  
But love conquers all makes big trouble small and even up the score  
Togetherness makes loneliness walk right out the door.

(See a new mother's smile when she holds her first child)  
That's togetherness  
(But break them apart and you'll break a heart)  
That's loneliness  
(So please stay by me and we'll never be unhappy anymore)  
Togetherness makes loneliness, walk right out the door.

Togetherness makes loneliness, walk right out the door...
