

# Buck Owens, Very Merry Christmas

Snowflakes fallin' everywhere Christmas carols fill the air  
Santa Claus is almost here it's a very merry Christmas  
Children playin' in the lane echoes at my window pane  
Santa Claus is here again it's a very merry Christmas  
Hang your stocking and jump in bed close your eyes and cover up your head  
Don't dare peep cause if you do ol' Santa Claus might be watching you  
Christmas lights are green and red mistletoe hanging overhead  
Fills my heart with happiness and the very merry Christmas  
[ steel + piano ]  
Hang your stocking...  
It's a very merry Christmas
