

Buck, Sugar Sandwich

I tried rockets and pixie sticks in my life and my breath stinks
I wanna get high, high as can be and only one thing can satisfy me

Sugar sandwich

I've been hanging out at the candy shop; malt teasers, tootsie pops
Confection of my dream; want it so bad gonna scream

Sugar sandwich

It's national candy month; gonna get you, got a hunch
Stick it to me,
Sticky gooey good
Yeah

Sugar sandwich
