

Buckcherry, Dead Again

Yeah, one, two, three, four
Yeah, come on

Come along, come along, moving faster
Gotta get this feeling out yeah, yeah
Just enough, fall again, she was fire
Hot enough to burn your out yeah, alright

Wait for me darling, i can't wait to see you
Everyones loosing they're mind again, mind again

On again, off again, indecesive
Gone up in bold desire, yeah
Fill me up, in the cup, you are lovely
Pain the town the color of money, alright

Wait for me darling, i can't wait to see you
everyones loosing they're mind again
Don't fall in love thats the line they will feed you
If i can't have you ill be dead again, dead again

Alright
Come on, yeah
Yeah, alright

Wait for me darling, i can't wait to see you
everyones loosing they're mind again
Don't fall in love thats the line they will feed you
If i can't have you ill be dead again, dead again

Wait for me darling, i can't wait to see you
everyones loosing they're mind again
Don't fall in love thats the line they will feed you
If i can't have you ill be dead again, dead again
Dead again, dead again, dead again, dead again, dead again
Dead again, dead again, dead again, dead again
Ah-dead again
