

# Buckcherry, Talk to Me

Talk to me, talk to me now,  
Talk to me, talk to me now,  
Talk to me, talk to me now,  
Talk to me

(1st Verse)

Feel it, you want it  
You know you can not stop it,  
Love don't mean(need?) a thing,  
Hands are in my pockets,  
Just to buy you luck,  
Love don't mean(need?)a,  
I give you something but you gotta believe,  
You can not talk about it, nothings for free,  
Maybe I should Arrest Myself.

(Chorus)

Paralyzed by what I see,  
girl you got a hold on me  
in too deep you're everything i need,  
talk to me, talk to me now.  
hypnotize me with your eyes,  
bring my fantasies to life,  
don't believe our love don't mean a thing.  
talk to me, talk to me now,  
talk to me.

(2nd Verse)

Suck it, and bleed it, you know you gotta feed it,  
love don't mean a thing,  
you're coming to it, faster then a bullet,  
love don't mean a thing, love don't need a,  
tell me to stop but i got tricks up my sleeves  
its not a promise what you wanted to see,  
maybe i just detest myself.

(Chorus)

Paralyzed by what I see,  
girl you got a hold on me  
in too deep you're everything i need,  
talk to me, talk to me now.  
hypnotize me with your eyes,  
bring my fantasies to life,  
don't believe our love don't mean a thing.  
talk to me, talk to me now,  
talk to me, talk to me now.

All I wanna do is ride,  
Kiss you right between your thighs, oh yeah.

(Solo)

Talk to me, talk to me now.  
Talk to me, talk to me now.  
Talk to me, talk to me now.  
Talk to me, talk to me now.

(Chorus)

Paralyzed by what I see,  
girl you got a hold on me  
in too deep you're everything i need,

talk to me, talk to me now.  
hypnotize me with your eyes,  
bring my fantasies to life,  
don't believe our love don't mean a thing.  
talk to me, talk to me now,  
in too deep you're everything i need  
talk to me, talk to me now,  
don't believe our love don't mean a thing,  
talk to me, talk to me.
