## Bucklew Wendy, Wishing We'd Come True

Twisted apple stems Plucked flower petals Filled wishing wells Blew out all the candles Wishing we'd come true I asked Sydney Omar Bazooka Joe Hell, I can't go wrong Consider the source Wishing we'd come true Wishing we'd come true Please C'mon, I said "please" Please C'mon, I said "please" What have I done? What didn't I do? I'll start, I'll stop, I'll do anything, I'd give anything For you Stare at the red Will the light to change green And I will count to twenty And every fraction in between Wishing we'd come true Wishing we'd come true
