

Buddy Guy, All I Can Do

[Humbert Sumlin]

Did what I could, what I could for you
Did what I could, what I could for you
Did what I could, what I could for you
Worked hard for you my babe
Hard everyday for you my baby
Did what I could, what I could for you

What I could do, did what I could do
Did what I could, what I could for you
Did what I could, what I could for you

Did what I could, what I could for you
I did what I could, what I could for you
Worked hard everyday for you are my babe

Worked hard everyday
I worked hard, baby everyday
Did what I could, what I could for you

Did what I could for you, baby
Did what I could for you, baby
Worked hard, I did what I could
