

Buddy Guy, Garbage Man Blues

Early this morning
I saw my baby makin' love to the garbage man
Early this morning
Saw my baby makin' love to the garbage man
The little girl know she was wrong
The little girl know I was leavin' her

The little girl know she was wrong
Oh yeah, oh yeah, the little girl know I could catch a plain
Little girl know she was wrong
Ohh, the little girl know I could catch a plain
But ohhh early this morning
Saw my baby making love to the garbage man

You know what, I ain't go up with that shit

Hey Buddy, will you play me some blues

You know I checked out that insurance man
And I checked out that mail man
But you know all the time, baby it was that old, old garbage man
Early this morning
uhh saw my baby making love to the garbage man
The little girl know she was wrong
Hmmm, everything gonna be allright yeah
Oh yeah, oh yeah, oh yeah, oh yeah
You know four o'clock this morning
I saw my baby making love to the garbage man
