

Buddy Guy, I Got A Strange Feeling

When my left eye go to jumpin'
Oh, I don't know which way to go

When my left eye go to jumpin'
And my flush begun to crawl
'Cause I know it's some other mule
Is kickin' in my stall

I got a strange, strange feeling
Oh, I never felt like this before
When my left eye get to jumpin'
Oh, I don't know which way to go

Look out I'm coming one way

You know I feel like my baby
Has got a black cat bone
'Cause everything I do now
She knows what's going on

I got a strange, strange feeling
Oh, oh, I never felt like this before
When my left eye get to jumpin'
Oh, I don't know which way to go
