

# Buddy Guy, I Smell A Rat

I think I smell a rat in my house, baby I believe you got just too late  
Aw, I smell a rat, I smell a rat in my house, honey, I think you walkin' 'round too late  
You know I need a rat in my house like this now, just like I need a hole in my head

You cry baby you afraid at night, you say you can't stay home all alone  
Oh you said you afraid, afraid to stay home at night, you say you didn't want to be home alone  
Oh, but I can smell a rat in the time I get back, and all, and all you do is gonna make me moan

You got my backdoor wide open, baby you say you're supposed to be afraid  
You got my backdoor wide open, and you tell me you're supposed to be afraid  
You know the last time I slept with it opened, you know 'was so cold I almost lost my head

Sometime I think you're foolin' me baby, and I do believe it's just drivin' me around  
Sometime I think you're foolin' me baby, honey I think you're just drivin' me around  
Why don't you leave me alone woman, you know I think there's another women I can go,  
I can be found

I think that you have it to explain. honey I'm not that hard to understand  
Did you ever try to sit down and explain, I am not that hard to understand  
You will be sleeping with the backdoor open, baby or with another man

You're so good, I don't believe I wanna leave you alone  
Oh you're so sweet to me, I don't believe, I can leave you alone  
Stayin', and peepin' like you got a woman, and try to make me, all happy
