

# Buddy Guy, I've Got News For You

You said before we met  
That your life was awful tame  
Well, I took you to a night club  
And the whole band knew your name

Oh well, baby, baby, baby  
I've got news for you  
Oh, somehow your story don't ring true  
Well, I've got news for you

Well, you phoned me you'd be late  
'Cause you took the wrong express  
And then you walked in smiling  
With your lipstick all a mess

Oh, let me say to you little mama  
Wo, I've got news for you  
Ah, your story don't ring true lil' girl  
Yeah, I've got news for you, baby

Oh, you wore a diamond watch  
Claimed it was from Uncle Joe  
When I looked at the inscription  
It said, 'Love from Daddy-o'

Oh, well baby, wo lil' girl  
I wanna say I've got news for you  
Ah, if you think that jive will do  
Let me tell you, oh, I've got news for you  
Well, somehow your story don't ring true  
Wo, I've got news for you, oh, oh
