

# Buddy Guy, Too Many Ways

You got too many ways  
To raise to sin  
You got too many ways  
To please your man  
You got too many ways  
Too many ways for me

You got too many ways  
To call me honey  
You got too many ways  
To spend my money  
You got too many ways  
Too many ways for me

You treat me kind in a every way  
But you so good  
You know and I can't stay  
And I will turn that other cheek  
'Cause my head is hard  
You know my heart so week

You got too many ways  
To please the boys  
You got too many ways  
To spread your joy  
You got too many ways  
Too many ways for me

You treat me kind in a every way  
But you too good  
You know and I can't stay  
And I will turn that other cheek  
'Cause my head is hard  
You know my heart so week

You got too many ways  
To please the boys  
You got so many ways  
To spread your joy  
You got too many ways  
Too many ways for me

Too many ways  
Too many ways  
Too many ways
