

# Buddy Guy, When You See The Tears From My Eyes

Hey!  
Hey now!

When ya see tears comin' from my eyes  
Oh yes, oh yes people, yes I could cry  
Oh I know you see those big tears come from my eyes  
From the bottom of my heart, baby you know I can cry

You know my mother told me when I was a little boy  
She said, 'Someday son, you will have the reason why'

You know why?

I lay awake at night because of love  
Lord I have so much trouble  
I lay awake, I lay awake at night because of trouble  
Because of so much trouble

People I just can't, I just can't sleep no more  
All the critters have come to keep me company  
You know there's a lonesome wind blowin' around my door
