

Buddy Guy, Worry, Worry

Well, worry, worry, worry, baby
Worry's all I can do
Well, worry, worry, worry, woman
Worry's all I can do
Yes, my life is so miserable, baby
Woman, it is all on account of you
Yes, it hurts me, it hurts me so bad
when you said that we were through
Yes, it hurts me, it hurts me so bad woman
when you said, when you said we were through
Yes, uh, you know I'd rather be dead, woman
Woman than to be here lonesome and blue
It was so lonely, somebody

Come here somebody, come here now
Goodbye, baby
Oh, you know I sure had a wonderful time
Oh, goodbye, goodbye, goodbye, goodbye, goodbye babe
Lord have mercy, Lord have mercy
We sure had a wonderful time
You know you're gonna run me crazy
Darlin' are you gonna make me loose my doggone mind
