

# Buddy Holly, Girl On My Mind

Oh, girl on my mind  
please come back to me  
I love you with all my heart  
with you I want to be

I want you to be near me  
is that too much to ask  
wo, girl on my mind  
please say you will be mine

You're the one and the only  
you are mine to have and to love  
no one could ask for more  
you're mine to adore

Girl on my mind  
please say you will be mine
