

# Buddy Holly, Little Baby

Little baby, baby me  
Little baby, baby me  
In my heart you are the one  
Look around and have your fun  
Woah-oh, you be my little baby  
And baby me

Little baby can't you see  
What your love has done to me?  
Can't you see love in my eyes?  
Love that leaves me full of sighs  
Woah-oh, you be my little baby  
And baby me

Little baby, baby me  
Little baby, baby me  
Maybe I will baby you  
With a bunch of love for you  
Woah-oh, you be my little baby  
And baby me
