

Buddy Holly, Queen Of The Ballroom

You're the queen of the ballroom
you're in every man's arms
when I look upon you
how you thrill me with your charms

You have all the men at your feet
with your lovely, lovely ways
and I will love you forever and always

May I have - may I have this dance
now I know - you're looking for fun, not romance

You're the queen of the ballroom
and I love you more and more
queen of the ballroom
queen of the ballroom floor
