

Buddy Holly, Rock-A-Bye Rock

Well, rock a-baby rock rock rock
I just love the way you dance
Rock a-baby rock rock rock
Don't tell me that you can't
Rock rock rock
We're gonna rock the whole night long

Well, you dance in here - you dance out there
You powder your face and you comb your hair
Oh rock - oh rock - oh rock - we gonna rock
Gonna rock the whole night long

Well, hit high on the floor - and hold my hand so tight
I love you more and more - when you dance with all your might
Ah rock rock rock - gonna rock the whole night long

Put on your shoes and hit the floor
I'm telling you again like I told you before
Oh rock - oh rock - oh rock - yes rock
Oh rock - yes rock - gonna rock the whole night long
