

# Budgie, Panzer Division Destroyed

Hear me call, panzer division destroyed  
Power gun pounding and well deployed  
Everyman seems to burn, die in hell  
Twisted steel, twisted mess sealed the deal

Hear me call, panzer division destroyed  
Absolute; no sign of life at all  
Crushing men, living men have all gone

Hear me call, panzer division destroyed

Cold and burned the smoke and blood inside  
Pure light splits the night with a flame  
Blinding rage get in touch with our plane

Hear me call, panzer division destroyed  
Pretty sight, pounding fire, finding home  
Well I'm in sight cutting through hostile zone  
Only sound on the ground is a moan
