

# Buffalo Daughter, Five Minutes

I'm only asking  
for five minutes of heaven  
I'm only demanding  
this sweet sweet treat for five minutes of heaven

I need to have it now  
five minutes of infants dream  
I need to shut it down  
in five minutes I'll be completely disconnected

I'm only asking  
for five minutes of heaven  
I'm only demanding  
this sweet sweet treat for five minutes of heaven
