

Buffalo Daughter, Jellyfish Blues

All I want is your love, babe.
All I want is your love.
Smile me again like you did.
Smile me again, babe.
I can just say
I love you,
Love you, love you.
More than everything.

Don't my heart's light off, babe.
Don't turn it off for a while.
All I need is your love, babe.
All I need is your love.

Now I feel like a blank cassette.
No music there,
But the sound of hiss.
