

# Built To Spill, I'D Hurt A Fly

I can't get that sound you make out of my head  
I can't even figure out what's making it  
no one else around even seems to be noticing  
it's only small enough for me  
I can't get that sound you make out of my head  
I can't even figure out what's making it  
it feels like fingernails across the moon  
or do you rub your wings together  
there's a mean bone in my body  
it's connected to the problems that I won't take for an answer  
and I won't take that from you / because I'd / hurt a fly  
let you go to sleep /feeling bad as me / let you go to sleep  
feeling bad / there's a mean bone in my body /  
it's connected to the problems that I won't take for an answer  
and I won't take that from you / because I'd / hurt a fly
