

# Bullet For My Valentine, Don't Need You

So now this ship is sinking  
I don't know what to do  
It's got me thinking that I  
Don't need  
Don't need you

Too many wrong decisions  
You didn't think this through  
So what I'm saying is I  
Don't need  
Don't need you

Open your eyes and see  
What we have become  
This isn't living it's existing  
And I just can't take this shit  
and hurt anymore  
hurt anymore so

Bury me with all you got  
It never stops never ends gotta try and  
let it out let it go  
Is this the end?  
'Cos it might just break me

Look at us now we're fucked  
And nothing's the same  
The biggest piece of me is missing and I just can't  
take this life or try anymore  
I just don't care so come and

It never stops it never ends  
Is it too late to make amends
