

# Bullgooseloony, 123 Rock!

1234!

Lace up the all-stars and  
head on down  
Grab some pals  
cause the punk rock show's in town (Yeah!)  
Get the show on  
Stop for no one  
And play away and let the music rock on (Go!)

Open the doors and  
pack 'em in  
one big pogo  
and now the show begins (Yeah!)  
Throw your fist up  
Live to disrupt  
Find the pit and then go start some shit up

Oi! Oi! Oi!

The show is done  
the bands break down  
and its on the road  
to another lucky town (Yeah!)  
It'll be back here  
same time next year  
so come back down and start  
some pits and Oi cheers
