

Bully, Milkman

I could be a milkman
What a good milkman I would be, I would be
Droppin' by your porch and all
It's been a while, you're always good to see
But I'm just a circle in Logan's square
Spinnin' around in my underwear
Lettin' my body run itself dead
Just to try and keep up with my head

I got this feelin', makes me wanna run
I got the feelin'
I got this feelin', makes me wanna run
Oh I got the feelin'

I could be a milkman
Or I could get up and I could be what I want to be
Cause when I love you, love you, love you baby
It makes you want to, want to lie to me
When I checked out 10 months ago
I never felt that way before
Now all this warm weather got me feelin' nostalgic
Got a craving, gotta have it, gotta get a grip

I got this feelin', makes me wanna run
I got the feelin'
I got this feelin', makes me wanna run
Oh I got the feelin'

I used to be a shark
I used to be a shark
I used to be a shark
Oh I used to be a
Shark, shark, shark!
