

# Bumblefoot, Life Inside Your Ass

I wanna tell ya what's on my mind  
But I'm hopin', baby, you can read between the lines  
I got this vibe that I hope ain't true  
But the things ya say don't line up with the things you do  
I'm always waitin' for your shit to pass  
And it's gettin' like I'm livin' life inside your ass

Ya think you're keepin' me in the dark  
But I'm seein' more, more, more than I want to  
Ya want me in a place where I can't read your face  
But I'm gettin' what ya got deep inside you  
You may act like everything's alright  
But down here at the bottom it's gettin' kinda tight

You don't listen to a word I say  
I'm just a piece of something you keep locked away  
Ya pull me out when you need a man  
But I want more than to kill your bugs and lift your bags  
Yeah, you keep makin', I keep takin' out your trash  
And it's gettin' really crowded up inside your ass

I wanna tell ya what's on my mind  
But I'm hopin', baby, you can read between the lines  
I got this vibe that I hope ain't true  
But the things ya say don't line up with the things you do  
I'm always waitin' for your shit to pass  
And it's gettin' like I'm livin' life inside your ass

I got your asshole around my neck  
Still I'd rather suffocate than smell what's on your breath  
You're so retentive and I'm in the queue  
Just waitin' for your heart to come passin' through  
But the more I stir it up the more it stinks up fast  
And it's gettin' hard to breathe up here inside your ass

I wanna tell ya what's on my mind  
But I'm hopin', baby, you can read between the lines  
I got this vibe that I hope ain't true  
But the things ya say don't line up with the things you do  
I'm always waitin' for your shit to pass  
And it's gettin' like I'm livin' life inside your ass

I don't know how long I'm gonna last  
I need somethin' to hold, not a bunch of gas  
I'm down here waitin' and it's so frustratin'  
I guess this is what it's like to live inside your ass  
Yeah, you know where to find me - up inside your ass  
I don't know how long I'm gonna last
