

Bumblefoot, More

There's more to you than what I see
There's more to you than I can be
There's something, that something
That makes me feel like I'm more

There's more than life inside your heart
There's more than music in your song
There's something, that something
That makes me feel like I'm more

Than I am when I'm with you
A better man when I'm with you
I love who I am when I'm with you
But I love you more than you could ever know
So much more than I could ever show
How much higher we can make it go

There's so much God behind your eyes
They save me and lift me so high
There's something, that something
That makes me feel like I'm more

Than I am when I'm with you
A better man when I'm with you
I love who I am when I'm with you
But I love you more than you could ever know
So much more than I could ever show
How much higher we can make it go
