

# Bunbury, Crawfish

Well I went to the bayou just last night  
there was no moon but the stars were bright  
put a big long hook on a big long pole  
and I pulled Mr. Crawfish out of his hole  
crawfish.

See I got him, see the size  
stripped and cleaned before your eyes  
sweet meat look, fresh and ready to cook  
crawfish .

Now take Mr. Crawfish in your hand,  
he's gonna look good in your frying pan,  
if you fry him crisp or you boil him right,  
he'll be sweeter than sugar when you take a bite,  
crawfish.
