

# Burden Brothers, Come On Down

Come on down  
I want to meet you  
I want to meet you all

All you angels gather round  
Shower all your beauty down  
All you angels gather round  
I want to meet you all

Gather round you angels  
Let me lay my hands on you  
Come on down you angels I want to touch you all  
Come on down you angels I want to meet you all

Come on down  
I want to meet you  
All you angels gather round  
Shower all your beauty down  
All you angels gather round  
I want to meet you all
