

Burden Brothers, Hang Your Head

I've been afraid of you for so long now
(Hang your head, hang your head down)
I've been dead to you since we fell out
(Hang your head, hang your head down now)

I've been bitchin' my whole life long
Now I'm itchin' to take you on
Want to take you down
Want to make you hurt like I hurt

If you'll let me...
Love you (3x)
Let me...
Love you (3x)

Stretch my arms out to the one
(Hang your head, hang your head down)
Who left me all alone, alone, alone
(Hang your head, hang your head down now)

Kiss the face of all I hide
Lovey-dovey little twist of fate
I want to take you down
Want to make you hurt like I hurt

If you'll let me...
Love you (3x)
Let me...
Love you (3x)

(warbly chanting)

Let me...
Love you (3x)
