

# Buried Alive, My Sacrifice

i'm looking at you face to face. I'm staring at you in the eye  
I'm so alone in this fucking crowd. ' cause i won't unite with what i despise  
My Sacrifice. I'd give it all to share some life.  
Whether you like it or not, this is where i belong.  
Throw all that you've got at me and i'll shove it all back down your throat  
For the new faces, i'll fucking fight.  
for the true few who deserve respect, I'll fucking fight.
