enter your pin,
research is on,
can't find it,
you're deleted,
one dot missing,
the program fails,
zero plus one equals none,
the file is there,
then it's gone,
game over,
now you're done,
dma ddr,
xp exclusive,
big ultra mega,
piece of shit,
tell me who's got the power now?
who's the master?
who's the slave?
