

Burning Heads, Nice Time To Fall

We fly above the clouds,
We float far from the ground,
We're not afraid to fall,
Everyday we keep in mind,
There's nowhere to find,
Somewhere to land,

Far away from hate
Every minute we take

Plastic people plastic mind,
Living in a rotten land,
We watch it from the sky,
Cos we're just passing by,
We're fine now nevermind,

Far away from hate,
Every minute we take,

Before the fall,
We know there's nowhere to land,
Nice time to fall,
We know there's nowhere to land,

We fly above the clouds,
We float far from the ground,
We're not afraid to fall,
Everyday we keep in mind,
There's nowhere to find,
Somewhere to land.
