

Burning Heads, Tic Tac Toe

Clock orange or like doom like glock,
Can't be blocked for one's mind,
Clock orange or like doom like glock,
Can't be blocked no arm lock,

Moon monk a kinda monkey in mood,
Like a kitty cat I liked
Look chains are crashed now I'm linked
Blanked bottle of ink

Black books, black boots
But purple & green are our troops

Clock orange or like doom like glock,
Can't be blocked for one's mind,
Clock orange or like doom like glock,
Can't be blocked no arm lock,

Moon monk a kinda monkey in mood,
Like a kitty cat I liked
Look chains are crashed now I'm linked
Blanked bottle of ink

Black boots, black ops
But purple & green are our troops

Tic Tac Toe, purple & green are our troops
Tic Tac Toe, I look like Kali's A.K.
Ali's smile, our mouth, water is our body & soul
Tic Tac Toe, but purple & green are our troops
