

Burning Spear, Resting Place

Try my best to live good
Try my best to do the right
I don't know what wrong have I done you
I don't know
I don't know what wrong have I done you
I don't know
All I know I must speak
I must
All I know I must speak
I must
I don't know what wrong have I done you
I don't know
I don't know what wrong have I done you
I don't know
All I know I must speak
I must
All I know I must speak
I must
