

# Burning The Masses, Mind Control

Ridiculous!  
Control lurks the sky and cheats my conception,  
Narco-hypnosis,  
unwilling, take my life!  
Keeping us in a state of fear  
Aging with anger,  
civil unrest withholds my spine  
Intellectual dead mind!

Are you tuned to human standards?  
Are you tuned to their standards?

This Technetronic leash  
tugs on our self-judgment,  
Polluting our fucking brain,  
with wants,  
neural cell manipulation!  
Machined brain,  
Machined brain,  
machined brain please change the channel!  
Dumbing down of humanity!  
Dumbing down!  
Dumbing down of humanity!

Victims of a Programmable Assassination.  
Victims of a Programmable Assassination.  
Victims of a Programmable Assassination.  
Victims of a Programmable Assassination.

Using our emotions as strings to control us.  
Using our emotions as strings to control,  
control us!

Repetition finds its nest in the mind of the weak,  
laying a method of citizen control,  
distracted by flashes,  
an invisible power governs our path.  
Your now recruited, an  
animal tested, this is the time  
and age,  
please make sure you  
wave, make sure you wave!

Mind  
control!!
