

Burns, Lies (Otto Knows)

You've been cheatin' and tellin' me lies
You've been creepin' while I'm sleepin' at night
You've been chasin' every girl in sight
You've been messin' around, lyin' down
It's over now
Baby please forgive me

What I'm about to say
What I'm about to do
I can't take no more
I know you ain't been true
That's why I'm telling you
That's why I'm telling you

You've been cheatin' and tellin' me lies
You've been creepin' while I'm sleepin' at night
You've been chasin' every girl in sight
You've been messin' around, lyin' down
It's over now
Baby please forgive me

What I'm about to say
What I'm about to do
I can't take no more
I know you ain't been true
That's why I'm telling you
