

# Burton Cummings, Charlemagne

She got a red dress  
Kickin' up pretty heels  
She was playin' the money game  
Givin' those men a thrill  
Spendin' nights in Sin City  
Wearin' all the upper class women down  
But she did not, no she could not  
Change her name to Jezebel  
Never once did she try  
No, no, no, she couldn't change her name to Jezebel

I got an army  
Then I gave them spears  
Then I siezed the power  
And I went around for a hundred years  
I was doin' alright  
Taking what I need and what I wantede to  
But I did not, and I could not  
Change my name to Charlemagne  
Never once did I try  
No, no, no I didn't change my name to Charlemagne  
No way!

Sailin' off past Jupiter  
Venus and my skies  
Then I'm headin' back for the water  
It's comin' as no surprise  
That I'm doin' alright  
They're even gonna check my fingerprints  
But I was not and I never could be  
Never could be no astronaut  
Never once did I try  
No, no, no I never could be no astronaut  
And I did not and I could not  
Change my name to Charlemagne
