

Burton Cummings, Over You

Acting pretty big,
Lots of vicious rumours you've been sharing with your friends yeah,
Lookin' pretty cool,
Lots of ways of lookin' but you're lookin' for the men yeah
I'm over lovin' you, I'm over you...
You can go out and shoot your mouth off,
I'm over you...
Took a long time to forget about you.

Acting pretty big,
Lots of sneaky rumours, you've been sharing lots of this yeah,
Acting pretty tough,
Lots of people thinking that you're heading for surprises,
I'm over lovin' you, I'm over you...
Sticks and stones may break my bones, but,
I'm over you...
It took a long time to forget about you.

I'm over you, I'm over you, I'm over you
You can't hurt me anymore,
I'm over you, I'm over you, I'm over you,
I'm over your memory,
And I can hardly believe it's me
Walking away so free...yeah...

Acting pretty big,
Lots of sneaky rumours you've been sharing with your friends yeah,
Lookin' pretty cool,
Lots of ways of lookin' but you're lookin' at their men yeah,
I'm over lovin' you, I'm over you...
You can go out and shoot your mouth off
I'm over you.

Sticks and stones may break my bones, but,
I'm over you.
