

Bury Your Dead, 33rpm

Just because you turned your back,
just because you turned away,
it doesn't make me any better,
it doesn't make you any less.
You think you're better?
My ideals are still the same.
You're the one who fucking sold out,
you're the only one to blame.
Just because you turned your back,
it doesn't make me any less, LETS GO!
BRING IT BACK, just because you turned your back.
I'll never turn away, turn away from this fight,
I'll never turn my back on this fight.
