

Burzum, Key To The Gate

My eyes are shut I cannot see
Though clear is thy despair
I drift away - far away
From places of which you seek

Though I seek thy hell
You close the gate before me
Your life is right, and I'm to
Follow your paradise

I cannot fall in love
Love is for them
Lusting for the sky
Heaven

Why did I come to this world
Of sorrow why is this true
Where is my dagger of sacrifice

I will open the gate to Hell one day...
