

Bush, A Tendency To Start Fires

Strange zoom, strange blaze
Douse my head in flames
Coming through, got to get some
Happiness is a bad son
Forceps, kitchen tools
Deconstruct your every move
Feels better when you're here
Guillotine just got here

Back bend, back break
Please yourself to make it rate
Live it all at your own cost
So many just got lost
Leaning for fire, leaning to fire, leaning to fire

Here's tomorrow man
Best of my ability
Chasing what I can
Here's tomorrow man

Instinct, bare boned
Light it up, take it home
You will be all things
You'll get what you bring
Leaning to fire, leaning to fire, leaning to fire

Here's tomorrow man
Best of my civility
Chasing what I can
Here's tomorrow man
Best of my ability
Chasing watercans
Here's tomorrow man
Here's tomorrow man

With our own tongue
With our own tongue

Here's tomorrow man
Best of my ability
Chasing what I can
Here's tomorrow man
End of century
Chasing what I can
Here's tomorrow man
Here's tomorrow man
Here's tomorrow man
Here's tomorrow man
