Bush, I Don't Wanna Come Back Down From Thi

Love and hate, get it wrong
She cut me right back down to size
Sleep the day, let it fade
Who was there to take your place
No one knows, never will
Mostly me, but mostly you
What do you say, do you do
When it all comes down

Cause I don't want to come back down from this cloud It's taken me all this time to find out what I need again I don't want to come back down from this cloud It's taken me all this, all this time

There is no blame, only shame When you beg, you just complain The more I come, the more I try All police are paranoid So am I, so's the future So are you, be a creature What do you say, do you do When it all comes down

Cause I don't want to come back down from this cloud It's taken me all this time to find out what I need Yeah, yeah, yeah I don't want to come back down from this cloud It's taken me all this, all this time

Shoot up, shoot up Shoot up, you're high

Love and hate, get it wrong
She cut me right back down to size
Sleep the day, let it fade
Who was there to take your place
No one knows, never will
Mostly me but mostly you
What do you say, do ya do
When it all comes down

Cause I don't want to come back down from this cloud It's taken me all this time to find out what I need Yeah, yeah, yeah I don't want to come back down from this cloud It's taken me all this, all this time

Why did you, why did you, why did you Why did you, why did you, why did you, why did you Why did you

Come down I don't want to come back down from this cloud This cloud, this cloud, this cloud This cloud, this cloud, this cloud
