I'll be that live motherfucker from the flipmode squad  
that readjusts this shit properly and hits you real hard  
Then we affect with hard shit that sounds so beautiful  
(Why now?) Couldn't find a better time more suitable  
to send out a signal and round up all my niggas recruitable  
Type of nigga to torture your ass, stick some shit in your cutical  
Wait a minute, let me talk to all my niggas at hand  
Im'a hit all of my niggas, ya'll just follow the plan  
just get money and capitalize and hold on your stash  
Fuck the slouches, we keep it moving and no looking back  
A lot of lost motherfuckers stuck on what they gonna be  
they aint gonna be me, gotta get it before the year 2G  
To all my niggas, let them do your thing and get yours quick  
whole plan, the whole shabang, nigga fuck the bullshit  
i meant this ,ever relentless, for dropping these bombs  
getting paid for securing shit for my seed and my mom  
for my physical ,and my entire flipmode squad  
my whole gang is fertilized, my mom's peaced to the gods  
hold it down for live niggas in the name of hip-hop  
off with another path where niggas are made to struggle and starve  
fuck that! im here to fight for mine, adapting your ass  
if you or the government try to do away with my cash  
one of the most extraordinary that comes from a place  
we demand to stab you in the back and smile in your face  
take all entire niggas off the face of the earth  
and do away with all them niggas before i get to them first  
so throw it, niggas dont get it and run right thru it  
get with, is to all of my niggas who know how to do it  
survival of the most fit for real niggas, no doubt!  
get whats yours from out this fucker before your time run out [X2]  
and get whats yours from out this fucker before your time run out

Welcome all you motherfuckers to a global event warning  
Here has now come the dawn of the new millenium  
The extinction level event
