[Mystikal:]
Coincide with yo boy check out with no lines
On yo boy look out but don't hide
When you bust it up and keep rhymes
When you walk towards the tape offline
For your boys got instinct rhymes
When you bump between the sixteen lines
When you bowl win the goal bitches scream
Win the goal keep ahead keep it live
Before you go get your tattoo rhymes
For your boy pick a bell in the bathroom
Penalized doing it till he get tired of ya boy
That shit between me and you niggas
Then trying to figure out what I say
I give less than a fuck, what you doing over there
Just don't get in my way
Hear my records feel my presence now and forever and until
Stop what you doing and work it fuck it nice
Just complete it with a licking to the man right there
Tell you mother fuckers what we came to do
It's just plain as day but they don't wanna see
If you don't wanna fight get the fuck is you'll be
In the spot working on my beat
Long time I'm having no compromise
I'ma open them up and them I'm dumping them out
I'm keeping it hard so don't get mad
Cause I'm loading 'em up and I'm running 'em out
Hit 'em with the bang then I feel a bang
Take her in the backyard outside leave 'em in a ring
Teach the niggas not to fuck with us
And next year we gon do the same thing and
[Chorus (2x):]
Now who you is nigga?
I'm Mystikal nigga
Now who you is nigga?

Now is they wildin with us
And getting rowdy with us
Now is they wildin with us

[Busta:]
Yo yo yo yo yo yo
Me and my nigga Mystikal make a plan that generate
Sufficient amount of funds across many lands
Generate the heat the place radiate
When I break shit I drop create a earthquake
Yo, anyway we still double masking
And get the gambit and eat super pie niggas
All over the track with a kick in your back

Me and the fact getting money
With my name on the plaque
