

Busta Rhymes, Open Wide

I put my hand inna your sugar jar
You a superstar
Gyal, it's you and I, yeah
And we alone, girl, we can do it loud
Gyal, it's do or die
Come on, baby, just open wide
'Pen wide, 'pen wide
Baby, baby, you open wide
'Pen wide (Ayy), 'pen wide (Ayy), 'pen wide (Ayy, uh)

See you's a troublemaker? Let's cause some trouble
Bust a bottle of Rosé, let the bottle bubble
Take a sip of the bottle when you unloosen my buckles
Fuck what they think, they can't fuck with this power couple
The way you got me feeling, girl, I think we better go
Then get to making love on the balcony of the Delano
Presidential suite, full of loving that's unconditional
'Til I taste your soul in your tongue, what we we doing is spiritual
Mami, see when I'ma do it put you in a coma, yo
And watch you sleep like a baby and sip me a Corona slow
Wining and dining on an island daydreaming
Two doves laying on the table where we brunching and eating
We smile and tryna decipher the symbol and the meaning
And we look back at each other while we sip a little riesling
Lots of love in every evening, squeezing hard
When I reminisce over you, my god

I put my hand inna your sugar jar
You a superstar
Gyal, it's you and I, yeah
And we alone, girl, we can do it loud
Gyal, it's do or die
Come on, baby, just open wide
'Pen wide, 'pen wide
Baby, baby, you open wide
'Pen wide (Ayy), 'pen wide (Ayy), 'pen wide (Ayy, uh)

It's alright (Alright), you got my number
Call me when you need more
And that dress (Ooh), I got you under
I'ma try to make you open wide
'Pen wide, 'pen wide
Baby, I got you open wide
'Pen wide, 'pen wide (Ayy-ayy), 'pen wide (Ayy)

Ah Shenseea
O-P-E-N, if you bust quick
Me a ticket you for speeding
Only time you leave I if I hit a nerve and
Real good pussy, give you something fi believe in (I be)
Wet like a tidal (I be)
Too open wide
Butt wide my mean some are big inna size (Oh)
Boy, come to me
Pussy power make any dead man come alive

She got the fish up with the hooker and
Give it to me, ma
That's how me love it, yeah
Full up on loving, I got the open fire
Check the temperature, it getting hot up in here all night
Baby girl, yes, I see you
Me way you pulling off your clothes
Every girl tryin' to be you

Me with you come, I'll steal the show and I

I put my hand inna your sugar jar

You a superstar

Gyal, it's you and I, yeah

And we alone, girl, we can do it loud

Gyal, it's do or die

Come on, baby, just open wide

'Pen wide, 'pen wide

Baby, baby, you open wide

'Pen wide (Ayy), 'pen wide (Ayy), 'pen wide (Ayy, uh)
